INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by [illegible].

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

Capital over $100,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are securely beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 policies, and made but three assessments at 2 cent to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

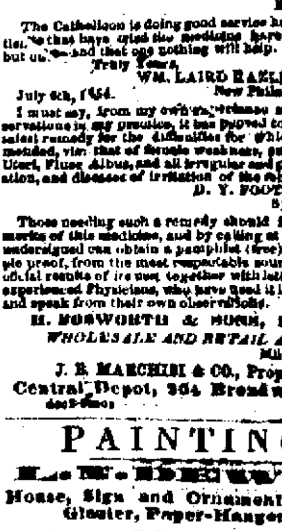
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites;—Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one, and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 8th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.

IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites;—Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.

Truly Yours,
WM. LAIRD HAZLETT, M. D.,

July 4th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

D. Y. FOOTE, M. D.,

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observation.

Our Lake Shore Rail Road.

The travel by this route is steadily and rapidly increasing. Although the road is only open for business as far as Waukegan two Passenger cars, well filled, leave Chicago every morning and four or five large stage-sleighs are required for the travel from Waukegan north. The sleighing between Waukegan and this city is excellent and Messrs. Davis & Moore's drivers come right along. Travellers by this route, leaving Chicago at 8 o'clock in the morning, reach this city by 9 or 10 the same evening. Indeed the stages sometimes arrive as early as 8 o'clock. When the road is opened through from Chicago to Milwaukee, it will require at least *four* Passenger Cars, daily, to accommodate the travel; and as the season wears on and general travel increases we expect to see nearly as long trains on this road as are met with on the roads thro' Michigan, Ohio and New York.

The weather for a week past has been very favorable for work, and the contractors are pushing ahead with this end of the road as fast as possible. The rails are now laid as far as three miles beyond Oak Creek, 13 miles from this city, the heavy bridges at Racine and Kenosha are very nearly finished, and if no storms interrupt operations there is every reason to believe that the cars will be running to Racine by the 15th or 20th of March. Between Racine and the State line, the work is well-advanced and only a few weeks needed to complete it.

The opening of this thoroughfare is destined to exert a magical influence on our city. It will give an immediate impulse to all sorts of business and greatly enhance the value of Real Estate. It will add, too, largely and speedily to the population of all our Lake Shore towns, for their attractions and advantages can then be seen of all men and will meet with prompt appreciation. Finally, as a pecuniary investment, we think the Lake Shore road will prove the most profitable in our State and will compare favorably with any Rail Road enterprise in the Union.

Appeal for Aid.—The *American Organ*, Know Nothing paper published at Washington, deprecating the further agitation of the Slavery question, says

"We ask our friends of the South to aid us in strangling this question."

That is to say, the South are invited to become "Know Nothings" in order to *gag* the North, once more, on the Slavery question. It seems more than probable that the South will accept the invitation, but we very much doubt whether they will accomplish the object in view. The North has fully made up its mind to have its *say* and its *way*, on the Slavery question, henceforth.

☞ Senator Shields publishes a note in the *Intelligencer* of the 16th inst., stating that Judge Douglas and his other colleagues in the House exerted themselves to promote his re-election, and are as much disappointed at the result as himself.

Carpenter's Rotary Pump.—Messrs. Walker & Wheeler, who have purchased the right for this State, have commenced the manufacture here of these ingenious and efficient Pumps.—They are certainly far ahead of any pumps we have ever seen, in durability, economy and power. The mechanism is perfectly simple, and there is no such thing as fail, or wear out about them. The inventor, Mr. S. D. Carpenter of the Madison *Patriot*, is sure to make a fortune of this happy contrivance. The *Journal* says that the Navy Department at Washington are about recommending its introduction into the public service and, that Mr Carpenter is willing to sell out his right to Uncle Sam for $100,000.

An Honest Slave.—The Rochester *Democrat* says that a runaway slave named Boyd, who formerly resided in that city, fled from the country at the time of the passage of the fugitive slave law, and went to Australia. At the time of his departure he was $300 in debt to a Rochester merchant. He was successful in Australia, earned $8,000, and a few weeks since forwarded a letter to his creditor in Rochester, enclosing a draft for the amount of the debt.

Heavy Hogs. Messrs. Layton & Plankinton bought yesterday four hogs of Mr. Comstock, of Summit, Waukesha Co.; their gross weight being 1766 lbs, averaging 441 lbs each. They were twenty months old, and brought $4,75 per 100 lbs. This is the highest price paid this winter.

Attempted Robbery.—An attempt was made to rob Mr Fowler, the cashier of the Ballston Spa bank, on Wednesday night. He was coming from the cars with about $15,000 in his satchel, when he was knocked down. He held on to the money and the thief made his escape.

The Real Natives.—The Washington *Sentinel* announces the arrival in that city, of a party of Indian Chiefs, who having adopted the Know Nothing motto, "none but Americans shall rule America," have come on to take charge of the Federal Government.

An Explanation.—Mr. Toote, in yesterday's *Wisconsin*, begs to assure us that when he said that "the pages of the *Sentinel* stamp" were denouncing the Beloit *Journal*," he did not mean the *Sentinel* but the Kenosha *Tribune*! As Mr Toote is rarely so clear in his ideas, or so luminous in his statements, we feel bound to accept his explanation and will do our best to believe that he meant what he did'nt say, or rather said what he did'nt mean—"its of no consequence" which.

Commissioner Loring Rejected.—At a meeting of the Board of Overseers of Harvard University in the Senate Chamber, on the 16th inst., Gov Gardner in the chair, the nomination of Judge Edward Greely Loring as law teacher in the University, was submitted for approval.—Without debate a vote was taken and resulted yeas 10 nays 20.

This action is in consequence of Mr. Loring's action as commissioner in the fugitive slave case of Burns, and in the view of some foreshadows his removal from his judgeship.

To The Legislature.—The following amendment to the Revised Statutes will be presented, it has been shown the Police Justice District Att'y and many others, who approve of the amendment:

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Sec 1. No assault, battery or affray, shall be indictable, but all such offences shall be prosecuted and determined in a summary manner, by complaint made before the Police Justice of any city or a Justice of the Peace, and on conviction thereof, the offender may be punished by fine not more than fifty dollars, or by imprisonment in the County Jail for a time not exceeding six months.

Sec 2. All acts and parts of acts contravening the provisions of this act are hereby repealed.

Sec. 3. This act shall be in force immediately after its passage.

Not Quite Fatal.—The Washington correspondent of the N. Y. *Tribune* telegraphs from Washington, under date of *February* 15, that "Marcy and Cushing are said to be recovering from the paroxysm caused by the appointment of Augustus Caesar Dodge to succeed Soule at Madrid." The shock came very near proving fatal to Ex-Governor Marcy.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb 19.

The sun rose bright and clear this morning, and the frost-work upon the trees in the Park was magnificent. With such weather for a few days more, we shall begin to lose the snow which now covers the earth with a thick mantle.

The Senate had no session to-day.

The Committee to visit the State Prison has returned. The report has not yet been made, but it is understood that it will be favorable to the Commissioner of the Prison.

The following is the memorial of J. R. Coville, of which a brief abstract was given in my last letter.

Hon O. C. Sholes, Speaker of the Assembly:

The undersigned, a citizen of Oregon, Dane County, would respectfully represent to the body over which you preside, that on or about the 1st day of September last, he called at the state land office, in Madison and made inquires of Walter H. Besley, principal, and John A. Byrne, clerk of the land bureau, relative to a certain tract of school land in the town of Sparta, Monroe county, Wisconsin, which had formerly been entered by J S Pessly, in 1854, and which the undersigned understood had been forfeited for non-payment of dues. They informed me that it would be necessary to find Mr P get his papers and present them at the office, in order that they might foot up and ascertain the amount due thereupon. On inquiry afterwards, I learned that Mr. P. had left the county, so that it would be impossible to procure his papers. About the 15th, I called again, stated the case to the officer and clerk, and applied for the land. Mr Byrne told me there was an application ahead of mine, and asked me to see Mr. Beaver. I went to the treasurer's office, but he was not in. His clerk then returned with me to the land bureau office, and after talking privately with Mr. B. a few minutes, he turned round to me and said I could have the land; that the reason he had said there was a prior application was, that he supposed there might be some catch about it. Mr. B then opened the book of entry, turned to the page, on which there was no prior application opposite, and entered my name opposite the tract, thus completing the entry. I then, by his direction, went to the treasury and paid over the sum of $7,00, the fees due on the same, and offered to pay the whole principal, which was declined. My name and the amount was duly entered on the books. I then left, supposing the land to be mine, and that I had only to call for the duplicate certificate as soon as made out.

I called again in about ten days after, but was told they were not ready. A few days after, the latter part of the same week, I called again, Messrs. Besley and Byrne both being present, and asked for my duplicate. Mr. Byrne then turned round to me, and said that he had an application prior to mine, and that Mr. Besley had decided that he had the best title to the land, and had awarded it to him. To this assertion Mr Besley assented, and they declined to make out a conveyance to me, saying that his application had been ahead of mine, but of course he did not know whether to enforce it, until he had learned whether the land was good for anything, and having found that it was, he was only asserting a prior right. In this he was sustained by Mr Besley.

Thus after spending much time in hunting up this land, after visiting the land office, seeing the books, and knowing that there was no prior application, and after, with the consent and concurrence of the officers, actually paying over to the treasury the money claimed to be due on the same, with a promise that the duplicate certificate should be made out, the land was finally wrested from the undersigned, who is a poor man, and desired it for actual settlement and cultivation, and given to Mr. Byrne, a clerk in the land bureau, by a pretended award of Mr. Besley, head of the same. The undersigned has since been informed that if he would pay Mr. Byrne a bonus of $500,00 he could have it, that Mr. B. would give up his claim.

The undersigned respectfully asks that the subject may be referred to a committee for investigation, when he will furnish more definite details, under oath, and that some action may be taken by your honorable body to secure him his rights in the premises. J. R. COVILLE.

Oregon, Dane Co. Wis. Feb. 16th, 1855.

In Assembly this morning, upon a call of the House, 49 members were found to be present, of whom 31 were Republicans. Six or eight more members came in shortly after.

Messrs. Hull, Welch, and Bond, were announced as the select committee on the bill in relation to railroad taxation.

Petitions were presented:

By Mr. Pratt, in relation to Rock River Telegraph.

By Messrs. Judson and H. Grant, for a liquor law.

By Mr. Boyd, of the Supervisors of Ceresco.

By Mr. Abbot, for a state road.

Bills introduced:

By Mr. Williston, charter of Illinois and Wisconsin Mining and Manufacturing Co.

By Mr. Davis, for protection of lumbermen.

By Mr. Judson, amending charter of Southport and Beloit Road Co.

By Mr. Colley, charter of Beloit Car Manufacturing Co.

By Mr. Van Nostrand, charter of Jefferson Institute.

By Mr. Downs, repealing act for a certain state road.

By Mr. Barns, charter of Rochester Seminary.

By P. H. Smith, authorizing certain towns to subscribe to plank road stock.

By Mr. Rose, for a state road.

The list of bills passed is sent already.

The Assembly went into Committee Mr. Pratt in the chair, and went through the general file.

While in Committee, several bills elicited debate. One bill, providing for giving laborers on railroads a lien upon the road for their wages, the same as mechanics have upon building, was referred to a select committee.

A bill, providing for allowing the same interest upon judgments as upon the original contract, Mr. Hull moved to strike out, and insert a section repealing all the usury laws, and accompanied his motion with sundry remarks against the system of banking generally, and expressing his desire that the State should return to the specie system of old Jeffersonian democracy. He intimated that he should expect the support of Judge Viles, as a democrat, even though the latter is engaged in banking.

Judge V. said that he did not approve of the banking law, and if it were not so amended as to prevent the constant pouring in upon us by small brokers, of a depreciated currency, he should not continue in it long.

Mr. A. Taylor, of Grant, came down upon the regular democracy with a will, for that the said democracy, for these many years past, had been loud in *talking* against banks, but had done more than all other to charters and establish them.

Mr. Earnest "fully coincided" in this view of the question; and Mr. Hull, on behalf of the democracy, acknowledged the corn, but insisted that the *western* democracy were not to be made responsible for the sins of those from the East.

Mr. Gary, who said that he did not desire to rake up the ashes of the dead democracy, spoke briefly against the proposition to repeal the usury laws. (The bill went to a select committee.)

One of the state road bills coming up, Mr Van Nostrand asked whether in this, or in any of the numerous bills which had been reported or passed any attention had been paid to the statute which requires that public notice of intention to apply for a state road shall be advertised. To this, Mr. Filer, Chairman of the standing committee, made answer that the committee had acted, in accordance with what had been the usual custom in regard to these bills, and reported them without amendment.

In the course of a brief debate upon the subject, Mr Stevens took occasion to say that "in local bills relating to his district, he would thank other members to leave them alone, and suffer him to take the responsibility."

With all proper deference to the gentleman from La Crosse, he seems to be as wild in his ideas of the duty of legislators as he was the other day in relation to those of the State Treasurer. Members are *all* sworn to perform their duties and that would be a most remarkable method of legislation which would authorize each member to hand in his particular batch of bills, and compel the others to pass them. In such a case, it is difficult to see why the member could not stay at home and pass the bills himself, at no expense to the state.

Just before the adjournment, a communication from two of the clerks in the School Land office was read, covering affidavits from them in relation to the matters referred to in the memorial from J. R. Coville, (given above.) I will send it to you when it appears in the Journal. It controverts some of the immaterial statements of the memorial, but confirms the fact, main *to us*, the entry of the land by one of the Clerks. The statute is emphatic in providing that the Commissioners "shall not, either in their own name, or any other name," enter or purchase any of the School Lands, the object being to prevent them, as having charge of the books, from forestalling the purchasers. This being the case, I do not see how they can, without great dereliction from duty, allow their clerks to make such entries.

The communication went to the select Committee in charge of the memorial.

P. S. I enclose a list of bills &c., signed and in the Secretary's office to date. W. H. W.

Out-Door Business at the First Ward Market House in this City.

Messrs. Editors:

I am aware that but few persons in the City are well acquainted with the amount and kinds of business done, and what amount of money changes hands day by day on Market Square. I thought it might enlighten some of our own citizens and be the means of extending the information into the country, for the benefit of persons interested in the sale of any of the commodities which are there exposed for sale, if I should write down my own observations in regard to it and if you should think them worth publishing.

During the months of November, December, January, and February thus far, the out door business at the First Ward Market House has far exceeded the same period any previous year. In speaking of the business, the reader ought to know perhaps in the outset, what articles are exposed for market. Every day, except Sunday, is market day, and every hour in the day from sunrise until sundown some of the articles and frequently all the articles are on sale. The articles are hay, wood, sheep, pork in the hog and on foot, beef and mutton ready dressed, working oxen, milch cows, calves and dressed veal, poultry, venison, and game, butter, eggs, and every variety of vegetables that the season will warrant. These are the main articles.

When the roads are good, the sale of hay has been equal to 30 loads a day, and some days the sales have gone up to near 60 loads; and there is rarely a surplus. On some occasions, when several large loads have come in at the same time from some of the neighboring counties, the price has slightly declined: but usually the price for good timothy has been $12 per ton, while other kinds have varied according to quality; although the poorer grades have brought more in comparison to their real value than the highest grade.

I believe it is understood generally that an inferior article of almost any commodity will sell from ten to thirty per cent higher, while a choice article is subject to sell for less, than its positive value, when compared with the inferior grades offered.

If less than thirty loads of hay arrive on the market during the day, several calls for the article are made which cannot be supplied. And it is not unfrequently the case that application is made to the farmers several days in advance for fear that they cannot be supplied from the ordinary stock in market.

From present and past experience, I am led to believe that the hay business will largely increase at this point unless some other or more appropriate place shall be selected as a sale stand for that article.

The next in order is Wood. The number of loads per day varies from forty to one hundred and the size of the loads from one fourth of a cord to two cords and a half; these are the extremes, probably three fourths of a cord would be as near the average as any given sum could be arrived at. The price varies from $2 to $4,00 per cord, and I think three dollars per cord a tolerable average of the daily sales. The average number of loads is about 80, during the months above named, which is far higher than the average for the season.

There are several contracts made daily for wood to be delivered at the houses of the buyers in quantities of from five to twenty cords, which is not to come on the market at all. I have been somewhat minute, so as to give as near a fair expose of the business thus far as possible.

I see that my communication has already reached as far as I intended it—consequently I shall not speak of the other articles in detail at this time, although I may at some future time, unless some abler pen undertakes it.

In conclusion. I will say that the amount of money that changes hands in the out door business of the first ward Market House daily will not fall much if any short of *one thousand dollars* per day, with an increasing tendency, and should no other location be set apart in other wards of the city, for the same purpose, the size of the grounds at present occupied as a market for hay, wood stock &c., will soon be entirely inadequate to the necessities of the purposes for which they are occupied. Respectfully Yours, P.

Suicide of Geo. W. Green, the Murderer, in his Cell, in the County Jail—Coroner's Inquest on the Body.

Our citizens were startled yesterday morning by the report that George W. Green, found guilty of poisoning his wife, at the Circuit Court of Cook County, had committed suicide. Upon proceeding to the jail we found the report to be well founded. Mr. Andrew, the Sheriff, politely admitted us to the jail, and showed us the body of the unfortunate man, which had been cut down and presented an appalling spectacle. From the appearance of the cell, every portion of which was shown us by Mr. Petrie, the Turnkey it was evident that the unfortunate man had for some time premeditated the act, and that he took every possible means to effect it, even to precluding the possibility of his attempting to afford himself any assistance after he had taken the fatal plunge into eternity.

It is supposed that the act was committed between twelve and one o'clock Sunday morning, as two persons confined in an adjoining cell at that time heard a peculiar gurgling noise and groaning. Upon the opening of the outside door of his cell at the usual hour (½ past 7) in the morning, by the Turnkey, he observed, that the quilt of the prisoner's bed was hung up as a curtain before the inside door, which is an iron grated one. He, however, thought Green might have hung this up, to shade the light, and passed on. Shortly after, he again went to the cell, and asked if "Mr. Green would have his coffee," but receiving no answer, he drew back the quilt, and found the prisoner suspended, hanging from the wall. Upon a thorough investigation of the cell and the body of the unfortunate man, it was found that he had taken his morning gown which he had ripped up for the purpose, and by breaking out the rounds at the back of his chair, with these he forced the gown up behind an iron bar which runs all round the walls of the cell within a few inches of the ceiling and knotted it at the top, so that it could not be drawn down by his weight. The shrinking of the middle of the plank from their sides enabled him to get the cloth up between the iron and the wood. He then (probably) took a silk handkerchief, and knotting it in several places to strengthen it and prevent its slipping, tied it round his neck, fastened another handkerchief to it, and a towel to that, and bound all firmly by passing a piece of linen torn from his sheets, around his head, tying it across his forehead in a strong knot. He then took his table, or stand, and standing on it, fastened the towel which was knotted to the handkerchief to the cloth—part of his morning gown—and having tied his hands behind his back, he kicked the table from under him; and, no doubt, life was soon extinct. In his struggles he broke the string with which his hands were tied.

The appearance of the corpse, showed the terrible determination of the man when living. The lower jaw projected and there was a look upon the face, which almost said: "I am defeated, but not entirely conquered."

Green has been in jail altogether about five months since he was arrested for the crime for which he was tried and found guilty. During the first part of this time he appeared to bear up well, and in fact, to exhibit but little anxiety as to the result. Since his conviction however, he had begun to break down, and particularly since the writ of *habeas corpus* from the Supreme Court was denied, he began to decline very fast. His appearance latterly was emaciated in the extreme. He allowed his beard to grow, as the Sheriff ordered his razor to be kept from him, Mr. Andrew however, told him he might have a man to come and shave him, when he wished but after the barber had made one or two visits, he complained that he could not afford to pay two shillings, and refused to have him shave him any longer.

Green told several persons that he would much rather be hung than go through the form of another trial; the latter was much worse than hanging. A short time since he told a gentleman, that he would be acquitted, if tried again; that his son George would not swear so hard against him next time; and that he could bring forward such testimony against Mrs. Blane as would invalidate any evidence she might give against him.

The corpse presented the appearance of a man of very powerful frame. The chest is unusually large for the height, (about 5 feet 6 or 7,) the shoulders broad; the limbs very muscular. We observe that the teeth, which tho' worn, are sound, and are double, both in front and in the back part of the jaws.

Some time since, Green sent for his Attorney, P. Ballingall, Esq., and proposed to him that he would make a will in his favor, if he would take and adopt his boy, Albert. Mr. Ballingall answered that he would not, as one of his Counsel be a party to such a proceeding, if he were to pay him fifty thousand dollars. Green then got Mr. Ballingall to draw up a will which he (Green) afterwards re-wrote himself, altering it, making Mr Doyle, the jailor, and Mr. Sammons, deputy Sheriff, residing on the west side, his executors. This will be deposited in the hands of Mr. Doyle. We understand it bequeaths the whole of his property, real and personal, after paying his debts, to the boy Albert, who is about six years of age, and to the heirs of his (Albert's) body.

Green then said to Mr Ballingall, "I do not want to leave this in such a shape, that if Albert dies without issue it will revert to my other children. I want him to have it, and if he lives not to enjoy it, I want it left to some public institution. Mr. Ballingall, what institution in this city, would you suggest?" Mr. Ballingall said, "since that is your determination, I would suggest the Young Men's Association, and the Fireman's Benevolent Association." Green, then desired Mr. Ballingall to make those Institutions his heirs in case of heirs failing to the boy Albert, which was done. We understand that it may be probable he has left some property to Mr. Doyle, the jailor, for his kindness and attention; also to Mr. Petrie, the turnkey. Both of these gentlemen, however, refused, when asked by Green, to take anything left by him, as they have enough of their own. They said to Green, that he had better leave his money to those who were more deserving of it.

We understand that Green leaves property, variously estimated at from $30,000 to $50,000.

We understand that it is the intention of the family and relatives of Green to contest the will on the ground of his insanity, they holding that none but an insane person would commit suicide. Green, since his incarceration had also exhibited some rather strange actions. For instance—he never had taken off the greater portion of his garments. He never took off his under-clothing, except to change his shirt occasionally; has slept in his pantaloons, &c, &c.

Coroner Beach summoned the following gentlemen to serve on the Jury of Inquest. They returned a verdict of death by his own hand:

Dr Maxwell, Foreman—T Doty, D O'Hara, Dr Max Myers, Ed Sawyer, Jas Howe, Daniel Andrews, Wm Church, Dr Hunt, F. Parmalee, C P Bradley, T A Stewart.

A daguerreotype of Green was taken showing the position in which he was found, after he committed the fatal deed, which will no doubt be a great curiosity.

Thus ends this, the most appalling tragedy ever enacted in this city. From first to last it has been a fearful record of crime; a record, the perusal of which would shock the most hardened heart. May we be spared from ever again having to give publicity to such a shocking history of the most dreadful crime that ever man could commit and its frightful retribution.

Later—Funeral of Green.—About [illegible] o'clock, Mr Fisher's hearse drove up to the Court House, and the corpse, which had been put in a handsome coffin, by order of the Coroner, was brought out and placed in the hearse. Two carriages only, accompanied the hearse. In the first, was Mr. Andrew M. Green, second son of the deceased, Albert Green, the youngest son; Mr. Ravel, brother-in-law to the deceased Coroner Beach and Deputy Sheriff Bulkley. In the second carriage were Fisher the Undertaker and others. A large crowd of persons were collected, In fact, during the day, some thousand of persons visited the jail, endeavoring to obtain a sight of the body. Some climbed up and crowded the windows; other beseiged the door. Every available point of view was occupied, so eager was the public curiosity.—[Chicago Democrat Feb 19.

From the Daily State Journal.

The State Agricultural Society.

At a meeting of the Wisconsin State Agricultural Society held at the rooms, pursuant to notice, on the 14th of Feb., 1855, the Constitution of the society was so amended as to reduce the fee for a life membership from twenty five dollars to *ten dollars*, and for the annual membership from three dollars to one dollar. The society has also made provision for the immediate purchase and transportation to this place of a large quantity of spring wheat, of choice varieties and hitherto unknown in this State. This wheat is grown north of Toronto, Canada, and is recommended in the highest terms by farmers who have tested its qualities, and will be delivered to members of the society in sufficient quantity for seed at the price here. There is also now at the rooms of the society for gratuitous distribution to members a superior variety of spring wheat raised in Jefferson Co., N. Y. Persons living at a distance and wishing to become members of the society can remit the amount of membership and secure a portion of the above grain which will be subject to their order by giving name and directions in full. Papers throughout the State friendly to the Agricultural, Mechanical and Manufacturing interests please notice.

A Hog Train.—A train of twenty-four long cars came in over the Galena road last Saturday morning, filled with dressed hogs. There were about two thousand of them, and as most of the cars were open racks they formed a spectacle well worth beholding as they passed on down to the depot. They were mostly sold before arrival, for eastern shipment.—[Chicago Press, 19.

CITY MATTERS.

City Election Notice.

The Clerk of the Common Council, under the direction of that body, has issued the usual notice that the Annual Election for City Officers will take place on Tuesday, March 6th, (*two weeks from to-day*,) and that the polls will be held at the following places.

First Ward—at Best's Lager Beer Hall on Market street.

Second Ward—at the Mansion House.

Third Ward—Bryan Coughlin's, corner of Detroit and Jefferson streets.

Fourth Ward—Engine House of No. 5.

Fifth Ward—Lake House.

The following are the officers to be elected:

A Mayor, Comptroller, Treasurer, Police Justice, Marshal and Attorney, for the city, and one Alderman for 2 years, one Alderman for 1 year, one Assessor, one Constable, and one Railroad Commissioner for each of the Wards.

Democratic City Convention.—The Democratic City Committee have called a convention to nominate City Officers, "to be supported by all good and true democrats," at the approaching charter election.

The Convention is to be held on Thursday, March 1st, at 2 P. M., and the Primary Meeting to elect delegates on Tuesday next, from 4 to 7 P. M. Regular polls are to be opened for the purpose at which "only bona fide democrats living in the respective Wards," are to be allowed to vote. What constitutes a "bona fide democrat"—whether allegiance to "Pierce and Nebraska," or adherence to "Barstow and the Balance," or both—the Committee do not undertake to decide.

"Shut To-Day."—Upon the last election held in this city, the words which head this article were of more potency than any police force that could have been organized. Another election is soon to take place and may we not suggest that on the day of the next City Charter election the same words Shut to Day may again decorate the saloons and beer halls of our city. It was a matter of great credit to the proprietors of the saloons, &c., on the last election day, to have closed their establishments *voluntarily*, preventing drunkenness, riots and troubles, and the press of the city failed not to herald the fact, far and near, that of our forty thousand inhabitants, not one of them was intoxicated, and that no fighting, or rioting took place upon election day. What has been done, may again be done, and we hope that the next election day will pass off as quietly as the last, and nothing can be more conducive to that end, and nothing will tend to effect it more surely, than the little trinity of words suspended at the door handles of saloons, &c., Shut To Day.

Police Court—Feb. 20.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

Ludwig Morock was tried on a charge of disorderly conduct, and breaking glass in the window of Christopher Reuter. The evidence was that the defendant went into complainant's store and became noisy, he was put out once or twice, the last time he turned round and broke a pane of glass with his fist. He was fined $5,00 and costs amounting to $9,68.

Milwaukee Female College.

We would call attention to the notice in another column of the election of Trustees for the *Milwaukee Female College*. As it is a matter of no little importance to procure and elect the proper men, every one interested should attend. The number to be elected is fifteen, afterwards to be divided into three classes, the first class serving one year, the second two years, and the third class three years. At every election hereafter five trustees will be elected for three years.—Certificates of stock will be issued this afternoon at W. P. Flanders' office where the election will be held.

Trap Overshot.—Our foreman requests us to say for the benefit of Mr. Toote, that, altho' "it's of no consequence," still there is a wide difference in making up a form at midnight, with matter a little "mixed," as boys sometimes can do it, and doing the same work at mid-day, under all the "favorable" hints of the Editor as to the identical locality of every paragraph. The small matter in question, however, was duly noted by us in proof, which, in the hurry of the moment, did not meet the eye of the foreman.

We are only requested to ask, in return, who is "Sam Houstin," whose name stands at the head of the *Wisconsin's* Telegraph column?

Circuit Court.—The Circuit adjourned from Monday afternoon till Thursday morning (to-morrow) at 10 o'clock.

Discharged and Re-Arrested.—In the case of the U. S. vs. John Hahn, the Post Office clerk arrested for robbery, Judge Jenkins yesterday discharged the prisoner, after a hearing on a writ of *Habeas Corpus*, under the recent decision of our State Court. The prisoner was immediately re-arrested, however, by Deputy Marshal Cotton, under a warrant from Judge Miller, of the U. S. District Court. The first commitment was under a warrant from a Court Commissioner.

Marine Risks.—The Corn. Exchange, Fire and Inland Navigation Insurance Company of New York have established an Agency in this City.—The Company is a sound one and among its directors—for a list of whom see our advertising columns—will be found the names of active and prominent business men of New York. Mr. P. Smyth, the Agent, is prepared to take Marine risks in this Company on favorable terms. His office is at the Depot of the M. & M. Rail Road.

Melodeons.—H. D. Hull of the Irving Book Store, corner of E. Water and Michigan Streets has just received a few choice *Melodeons* of an entirely new make, and invites his friends to call and examine them.

☞ Messrs. Herschede & [illegible], confectioners, gave a Ball and Supper at Treats Hall, on Monday evening, which was well attended and highly enjoyed.

Appointment of Consul.—We are happy to learn that our fellow-citizen, Mr. Edward Finkler, of the firm of Townsend, Finkler & Co., has received the appointment of Consul for Nassau. Mr. F. is now on his way to Europe, on a business visit.

Relief Fund.

The contributions for the poor, after paying all expenses amounted to the sum of $1,425 25; $1,107 49 were cash, the balance in orders and subscriptions, payable in goods. This sum was divided among the several Wards as follows, viz: to the 1st Ward $285; to the 2d Ward $380; to the 3d Ward $380, to the 4th Ward $190; to the 5th Ward $190 25.

Oregon Fire Company No. 3.

At the regular meeting of Oregon Fire Co. No. 4, held at their Hall on Wednesday even'g, Feb. 7th, the following resolution was passed;

Resolved, That the company regret the resignation of A. J. Langworthy as foreman, and that of G. W. Haack as 1st Ass't, and that the same be published in the daily papers of the city, to express the thanks of the company to Messrs. Langworthy and Haack for the efficient manner in which they have commanded and sustained the company for several years.

The company on the same evening elected H. Moore foreman, and A. V. Rudd 1st assistant.

WM. VLIET, Sec'y.

Punishing "Free Speech."—The Manitowoc *Herald* having spoken its opinion rather plainly of its democratic yoke-fellow, the *Wisconsin*, the latter has retaliated by cutting off the *Herald* from its exchange list! The *Herald* man don't mind that, but thinks the *Wisconsin* ought at least to send on those numbers of its papers in which it continues to abuse him.

For the Sentinel.

STORM STAID.

Like myriad mercies from the hand of God,
Noiseless and trembling fall the flakes of snow;
Clothed in such purity is all below,
It seems as if the earth had ne'er been trod.

Like a dead vestal bounteous nature lies,
Her fire forgotten, and her music hid;
The grey oblivious air, a coffin lid,
Thro' which the light essays to pierce, and dies.

Stainless and cold as peerless charity,
The Virgin robe is wreathed in many folds
About her bosom, which, tho' wither'd, holds
The seeds of vernal immortality.

So have I seen a maiden of the Lord
Hide all her lovelinesses in their bloom,
Making her outward beauty but a tomb,
That she might nurse within the form adored.

But now an angry spirit from the North
Drives the still shower into a level drift,
That sweeps along, blinding and strong and swift,
As if some fierce chief led his legions forth.

The stiffen'd forest trees must bend their head,
The hudd'ling quail some covert now must take;
The poor man and his slim-built shed must shake,
The sifting snow will fall upon his bed.

But for that thought; how splendid were the storm,
Rushing so wildly!—had it but the power
To span the huts where wives and children cower
O'er scanty fires that fail to keep them warm.

I should sing of thee, thou matchless snow!
But—as a lover whom his mistress charms,
Who locks him fast within her milk-white arms,
And binds his limbs—thou wilt not let me go!

PORTE CRAYON.

Milwaukee, February, 1855.

Judicial Election.—The Janesville *Free Press*, in an article on the Judicial election, takes strong ground in favor of Judge J. H. Knowlton, as a successor to Judge Crawford. The Madison *Democrat* of Monday last has the following paragraph on this subject:

We learn that a call upon Judge Crawford, to become a candidate for re-election has been numerously signed in all parts of the State. The Judge will of course accede to the request, and we have little doubt of a favorable result. Among the republicans there are from a dozen to twenty applicants for the succession.—[Madison Democrat.

A New Steal.—A new mode of reaching the Treasury has been adopted of late. Eastern houses send on samples of stationery, knives, &c., to the Superintendent of public property prior to his letting the contract for furnishing the State with stationery. For this purpose, they forward a *hundred and fifty dollars* worth of samples, and bring in their bills for the same against the State. Bills to the amount of $225 52 for this purpose passed the Assembly yesterday. We can see no propriety in this whatever. It is encouraging an abuse that may with such a precedent, grow into one of no small magnitude.—*Madison Journal.*

There cannot be two opinions on this subject. No such bills should be allowed, and we trust that the "sober second thought" of the Legislature will put a quietus upon all future claims of this character.

Personally appeared Thomas A. Alexander, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance offices, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000, is a bona fide investment for the pledge and security of its policies.

The necessity and real benefits of Insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $246,560 06, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

Our Lake Shore Rail Road.

The travel by this route is steadily and rapidly increasing. Although the road is only open for business as far as Waukegan two Passenger cars, well filled, leave Chicago every morning and four or five large stage-sleighs are required for the travel from Waukegan north. The sleighing between Waukegan and this city is excellent and Messrs. Davis & Moore's drivers come right along. Travellers by this route, leaving Chicago at 8 o'clock in the morning, reach this city by 9 or 10 the same evening. Indeed the stages sometimes arrive as early as 6 o'clock. When the road is opened through from Chicago to Milwaukee, it will require at least *four* Passenger Cars, daily, to accommodate the travel; and as the season wears on and general travel increases we expect to see nearly as long trains on this road as are met with on the roads thro' Michigan, Ohio and New York.

The weather for a week past has been very favorable for work, and the contractors are pushing ahead with this end of the road as fast as possible. The rails are now laid as far as three miles beyond Oak Creek, 13 miles from this city, the heavy bridges at Racine and Kenosha are very nearly finished, and if no storms interrupt operations there is every reason to believe that the cars will be running to Racine by the 15th or 20th of March. Between Racine and the State line, the work is well-advanced and only a few weeks needed to complete it.

The opening of this thoroughfare is destined to exert a magical influence on our city. It will give an immediate impulse to all sorts of business and greatly enhance the value of Real Estate. It will add, too, largely and speedily to the population of all our Lake Shore towns, for their attractions and advantages can then be seen of all men and will meet with prompt appreciation. Finally, as a pecuniary investment, we think the Lake Shore road will prove the most profitable in our State and will compare favorably with any Rail Road enterprize in the Union.

APPEAL FOR AID.—The *American Organ*, Know Nothing paper published at Washington, deprecating the further agitation of the Slavery question, says

"We ask our friends of the South to aid us in strangling this question."

That is to say, the South are invited to become "Know Nothings" in order to *gag* the North, once more, on the Slavery question. It seems more than probable that the South will accept this invitation, but we very much doubt whether they will accomplish the object in view. The North has fully made up its mind to have its *say* and its *way*, on the Slavery question, henceforth.

☞ Senator Shields publishes a note in the *Intelligencer* of the 16th inst., stating that Judge Douglas and his other colleagues in the House exerted themselves to promote his re-election, and are as much disappointed at the result as himself.

CARPENTER'S ROTARY PUMP.—Messrs. WALKER & WHEELER, who have purchased the right for this State, have commenced the manufacture here of these ingenious and efficient Pumps— They are certainly far ahead of any pumps we have ever seen, in durability, economy and power. The mechanism is perfectly simple, and there is no such thing as *fail*, or wear out about them. The inventor, Mr. S. D. CARPENTER of the Madison *Patriot*, is able to make a fortune of this happy contrivance. The *Journal* says that the Navy Department at Washington are about recommending its introduction into the public service and, that Mr CARPENTER is willing to sell out his right to Uncle Sam for $100,000.

AN HONEST SLAVE.—The Rochester *Democrat* says that a runaway slave named Boyd, who formerly resided in that city, fled from the country at the time of the passage of the fugitive slave law, and went to Australia. At the time of his departure he was $800 in debt to a Rochester merchant. He was successful in Australia, earned $8,000, and a few weeks since forwarded a letter to his creditor in Rochester, enclosing a draft for the amount of the debt.

HEAVY HOGS. Messrs. Layton & Plankinton bought yesterday four hogs of Mr. COMSTOCK, of Summit, Waukesha Co.; their gross weight being 1766 lbs, averaging 441 lbs. each. They were twenty months old, and brought $4,75 per 100 lbs. This is the highest price paid this winter.

ATTEMPTED ROBBERY.—An attempt was made to rob Mr. Fowler, the cashier of the Balston Spa bank, on Wednesday night. He was coming from the cars with about $15,000 in his satchel, when he was knocked down. He held on to the money and the thief made his escape.

THE REAL NATIVES.—The Washington *Sentinel* announces the arrival in that city, of a party of Indian Chiefs, who having adopted the Know Nothing motto, "none but Americans shall rule America," have come on to take charge of the Federal Government.

AN EXPLANATION.—Mr. TOOTS, in yesterday's *Wisconsin*, begs to assure us that when he said that "the pages of the *Sentinel* stamp" were denouncing the Beloit *Journal*," he did not mean the *Sentinel* but the Kenosha *Tribune*! As Mr TOOTS is rarely so clear in his ideas, or so luminous in his statements, we feel bound to accept his explanation and will do our best to believe that he meant what he did'nt say, or rather said what he did'nt mean—"its of no consequence" much.

COMMISSIONER LORING REJECTED.—At a meeting of the Board of Overseers of Harvard University in the Senate Chamber, on the 16th inst., Gov. Gardner in the chair, the nomination of Judge Edward Greely Loring as law teacher in said University, was submitted for approval.— Without debate a vote was taken and resulted: yeas 10 nays 20.

This action is in consequence of Mr. Loring's action as commissioner in the fugitive slave case of Burns, and in the view of some foreshadows his removal from his judgeship.

TO THE LEGISLATURE.—The following amendment to the Revised Statutes will be presented, it has been shown the Police Justice District Att'y and many others, who approve of the amendment:

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SEC. 1. No assault, battery or affray, shall be indictable, but all such offences shall be prosecuted and determined in a summary manner, by complaint made before the Police Justice of any city or a Justice of the Peace, and on conviction thereof, the offender may be punished by fine not more than fifty dollars, or by imprisonment in the County Jail for a time not exceeding six months.

SEC. 2. All acts and parts of acts contravening the provisions of this act are hereby repealed.

SEC. 3. This act shall be in force immediately after its passage.

NOT QUITE FATAL.—The Washington correspondent of the N. Y. *Tribune* telegraphs from Washington, under date of February 15, that "Marcy and Cushing are said to be recovering from the paroxysm caused by the appointment of Augustus Cæsar Dodge to succeed Soule at Madrid." The shock came very near proving fatal to Ex-Governor MARCY.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb 19.

The sun rose bright and clear this morning, and the frost-work upon the trees in the Park was magnificent. With such weather for a few days more, we shall begin to lose the snow which now covers the earth with a thick mantle.

The Senate had no session to-day.

The Committee to visit the State Prison has returned. The report has not yet been made, but it is understood that it will be favorable to the Commissioner of the Prison.

The following is the memorial of J. R. Coville, of which a brief abstract was given in my last letter.

Hon C. C. Sholes, Speaker of the Assembly:

The undersigned, a citizen of Oregon, Dane County, would respectfully represent to the body over which you preside, that on or about the 1st day of September last, he called at the state land office, in Madison and made inquires of Walter H. Besley, principal, and John A. Byrne, clerk of the land bureau, relative to a certain tract of school land in the town of Sparta, Monroe county, Wisconsin, which had formerly been entered by J. S. Peasly, in 1854, and which the undersigned understood had been forfeited for non-payment of dues. They informed me that it would be necessary to find Mr P. get his papers and present them at the office, in order that they might foot up and ascertain the amount due thereupon. On inquiry afterwards, I learned that Mr. P. had left the country, so that it would be impossible to procure his papers. About the 18th, I called again, stated the case to the officer and clerk, and applied for the land. Mr Byrne told me there was an application ahead of mine, and asked me to see Mr. Seaver. I went to the treasurer's office, but he was not in. His clerk then returned with me to the land bureau office, and after talking privately with Mr. B. a few minutes, he turned round to me and said I could have the land; that the reason he had said there was a prior application was, that he supposed there might be some catch about it. Mr. B then opened the book of entry, turned to the page, on which there was no prior application opposite, and entered my name opposite the tract, thus completing the entry. I then, by his direction, went to the treasury and paid over the sum of $7,00, the fees due on the same, and offered to pay the whole principal, which was declined. My name and the amount was duly entered on the books. I then left, supposing the land to be mine, and that I had only to call for the duplicate certificates as soon as made out.

I called again in about ten days after, but was informed they were not ready. A few days after, the latter part of the same week, I called again. Messrs. Besley and Byrne both being present, and asked for my duplicate. Mr. Byrne then turned round to me, and said that he had an application prior to mine, and that Mr. Besley had decided that he had the better title to the land, and had awarded it to him. To this assertion Mr Besley assented, and they declined to make out a conveyance to me, saying that his application had been ahead of mine, but of course he did not know whether to enforce it, until he had learned whether the land was good for anything, and having found that it was, he was only asserting a prior right. In this he was sustained by Mr Besley.

Thus after spending much time in hunting up this land, after visiting the land office, seeing the books, and knowing that there was no prior application, and after, with the consent and concurrence of the officers, actually paying over to the treasury the money claimed to be due on the same, with a promise that the duplicate certificate should be made out, the land was finally wrested from the undersigned, who is a poor man, and desired it for actual settlement and cultivation, and given to Mr. Byrne, a clerk in the land bureau, by a pretended award of Mr. Besley, head of the same. The undersigned has since been informed that if he would pay Mr. Byrne a bonus of $300,00 he could have it, that Mr. B. would give up his claim.

The undersigned respectfully asks that the subject may be referred to a committee for investigation, when he will furnish more definite details, under oath, and that some action may be taken by your honorable body to secure him his rights in the premises. J. R. COVILLE.

OREGON, DANE CO. WIS. Feb. 16th, 1855.

In Assembly this morning, upon a call of the House, 49 members were found to be present, of whom 31 were Republicans. Six or eight more members came in shortly after.

Messrs. Hull, Welch, and Bond, were announced as the select committee on the bill in relation to railroad taxation.

Petitions were presented:

By Mr. Pratt, in relation to Rock River Telegraph.

By Messrs. Judson and H. Grant, for a liquor law.

By Mr. Boyd, of the Supervisors of Ceresco.

By Mr. Abbot, for a state road.

Bills introduced:

By Mr. Williston, charter of Illinois and Wisconsin Mining and Manufacturing Co.

By Mr. Davis, for protection of lumbermen.

By Mr. Judson, amending charter of Southport and Beloit Road Co.

By Mr. Colley, charter of Beloit Car Manufacturing Co.

By Mr. Van Nostrand, charter of Jefferson Institute.

By Mr. Downs, repealing act for a certain state road.

By Mr. Barns, charter of Rochester Seminary.

By P. H. Smith, authorizing certain towns to subscribe to plank road stock.

By Mr. Rose, for a state road.

The list of bills passed is sent already.

The Assembly went into Committee Mr. Pratt in the chair, and went through the general file.

While in Committee, several bills elicited debate. One bill, providing for giving laborers on railroads a lien upon the road for their wages, the same as mechanics have upon building, was referred to a select committee.

A bill, providing for allowing the same interest upon judgments as upon the original contract, Mr. Hull moved to strike out, and insert a section repealing all the usury laws, and accompanied his motion with sundry remarks against the system of banking generally, and expressing his desire that the State should return to the specie system of old Jeffersonian democracy. He intimated that he should expect the support of Judge Vilas, as a democrat, even though the latter is engaged in banking.

Judge V. said that he did not approve of the banking law, and if it were not so amended as to prevent the constant pouring in upon us by small brokers, of a depreciated currency, he should not continue in it long.

Mr. A. Taylor, of Grant, came down upon the regular democracy with a will, for that the said democracy, for these many years past, had been loud in *talking* against banks, but had done more than all other to charters and establish them.

Mr. Earnest "fully coincided" in this view of the question; and Mr. Hull, on behalf of the democracy, acknowledged the corn, but insisted that the *western* democracy were not to be made responsible for the sins of those from the East.

Mr. Gary, who said that he did not desire to rake up the ashes of the dead democracy, spoke briefly against the proposition to repeal the usury laws. (The bill went to a select committee.)

One of the state road bills coming up, Mr Van Nostrand asked whether in this, or in any of the numerous bills which had been reported or passed any attention had been paid to the statute which requires that public notice of intention to apply for a state road shall be advertised. To this, Mr. Filer, Chairman of the standing committee, made answer that the committee had acted, in accordance with what had been the usual custom in regard to these bills, and reported them without amendment.

In the course of a brief debate upon the subject, Mr Stevens took occasion to say that "in local bills relating to his district, he would thank other members to leave them alone, and suffer him to take the responsibility."

With all proper deference to the gentlemen from La Crosse, he seems to be as wild in his ideas of the duty of legislators as he was the other day in relation to those of the State Treasurer. Members are *all* sworn to perform their duties and that would be a most remarkable method of legislation which would authorize each member to hand in his particular batch of bills, and compel the others to pass them. In such a case, it is difficult to see why the member could not stay at home and pass the bills himself, at no expense to the state.

Just before the adjournment, a communication from two of the clerks in the School Land office was read, covering affidavits from them in relation to the matters referred to in the memorial from J. R. Coville, (given above.) I will send it to you when it appears in the Journal. It controverts some of the immaterial statements of the memorial, but confirms the *fact*, main to us, the entry of the land by one of the Clerks. The statute is emphatic in providing that the Commissioners "shall not, either in their own name, or any other name," enter or purchase any of the School Lands, the object being to prevent them, as having charge of the books, from forestalling the purchasers. This being the case, I do not see how they can, without great dereliction from duty, allow their clerks to make such entries.

The communication went to the select Committee in charge of the memorial.

P. S. I enclose a list of bills &c., signed and in the Secretary's office to date. W. H. W.

Out-Door Business at the First Ward Market House in this City.

Messrs. Editors:

I am aware that but few persons in the City are well acquainted with the amount and kinds of business done, and what amount of money changes hands day by day on Market Square. I thought it might enlighten some of our own citizens and be the means of extending the information into the country, for the benefit of persons interested in the sale of any of the commodities which are there exposed for sale, if I should write down my own observations in regard to it and if you should think them worth publishing.

During the months of November, December, January, and February thus far, the out door business at the First Ward Market House has far exceeded the same period any previous year. In speaking of the business, the reader ought to know perhaps in the outset, what articles are exposed for market. Every day, except Sunday, is market day, and every hour in the day from sunrise until sundown some of the articles and frequently all the articles are on sale. The articles are hay, wood, sheep, pork in the hog and on foot, beef and mutton ready dressed, working oxen, milch cows, calves and dressed veal, poultry, venison, and game, butter, eggs, and every variety of vegetables that the season will warrant. These are the main articles.

When the roads are good, the sale of hay has been equal to 30 loads a day, and some days the sales have gone up to near 60 loads; and there is rarely a surplus. On some occasions, when several large loads have come in at the same time from some of the neighboring counties, the price has slightly declined: but usually the price for good timothy has been $12 per ton, while other kinds have varied according to quality; although the poorer grades have brought more in comparison to their real value than the highest grade.

I believe it is understood generally that an inferior article of almost any commodity will sell from ten to thirty per cent higher, while a choice article is subject to sell for less, than its positive value, when compared with the inferior grades offered.

If less than thirty loads of hay arrive on the market during the day, several calls for the article are made which cannot be supplied. And it is not unfrequently the case that application is made to the farmers several days in advance for fear that they cannot be supplied from the ordinary stock in market.

From present and past experience, I am led to believe that the hay business will largely increase at this point unless some other or more appropriate place shall be selected as a sale stand for that article.

The next in order is Wood. The number of loads per day varies from forty to one hundred and the size of the loads from one fourth of a cord to two cords and a half; these are the extremes, probably three fourths of a cord would be as near the average as any given sum could be arrived at. The price varies from $2 to $4,00 per cord, and I think three dollars per cord a tolerable average of the daily sales. The average number of loads is about 80, during the months above named, which is far higher than the average for the season.

There are several contracts made daily for wood to be delivered at the houses of the buyers in quantities of from five to twenty cords, which is not to come on the market at all. I have been somewhat minute, so as to give as near a fair expose of the business thus far as possible.

I see that my communication has already reached as far as I intended it—consequently I shall not speak of the other articles in detail at this time, although I may at some future time, unless some abler pen undertakes it.

In conclusion. I will say that the amount of money that changes hands in the out door business of the first ward Market House daily will not fall much if any short of *one thousand dollars* per day, with an increasing tendency, and should no other location be set apart in other wards of the city, for the same purpose, the size of the grounds at present occupied as a market for hay, wood stock &c., will soon be entirely inadequate to the necessities of the purposes for which they are occupied. Respectfully Yours, P.

Suicide of Geo. W. Green, the Murderer, in his Cell, in the County Jail—Coroner's Inquest on the Body.

Our citizens were startled yesterday morning by the report that GEORGE W. GREEN, found guilty of poisoning his wife, at the Circuit Court of Cook County, had committed suicide. Upon proceeding to the jail we found the report to be well founded. Mr. Andrew, the Sheriff, politely admitted us to the jail, and showed us the body of the unfortunate man, which had been cut down and presented an appalling spectacle. From the appearance of the cell, every portion of which was shown us by Mr. Petrie, the Turnkey it was evident that the unfortunate man had for some time premeditated the act, and that he took every possible means to effect it, even to preclude the possibility of his attempting to afford himself any assistance after he had taken the fatal plunge into eternity.

It is supposed that the act was committed between twelve and one o'clock Sunday morning, as two persons confined in an adjoining cell at that time heard a peculiar gurgling noise and groaning. Upon the opening of the outside door of his cell at the usual hour (¼ past 7) in the morning, by the Turnkey, he observed, that the quilt of the prisoner's bed was hung up as a curtain before the inside door, which is an iron grated one. He, however, thought Green might have hung this up, to shade the light, and passed on. Shortly after, he again went to the cell, and asked if "Mr. Green would have his coffee," but receiving no answer, he drew back the quilt, and found the prisoner suspended, hanging from the wall. Upon a thorough investigation of the cell and the body of the unfortunate man, it was found that he had taken his morning gown which he had ripped up for the purpose, and breaking out the rounds at the back of his chair, with these he forced the gown up behind an iron bar which runs all round the walls of the cell within a few inches of the ceiling and knotted it at the top, so that it could not be drawn down by his weight. The shrinking of the middle of the plank from their sides enabled him to get the cloth up between the iron and the wood. He then (probably) took a silk handkerchief, and knotting it in several places to strengthen it and prevent its slipping, tied it round his neck, fastened another handkerchief to it, and a towel to that, and bound all firmly by passing a piece of linen torn from his sheets, around his head, tying it across his forehead in a strong knot. He then took his table, or stand, and standing on it, fastened the towel which was knotted to the handkerchief to the cloth—part of his morning gown—and having tied his hands behind his back, he kicked the table from under him; and, no doubt, life was soon extinct. In his struggles he broke the string with which his hands were tied.

The appearance of the corpse, showed the terrible determination of the man when living. The lower jaw projected and there was a look upon the face, which almost said: "I am defeated, but not entirely conquered."

Green has been in jail altogether about five months since he was arrested for the crime for which he was tried and found guilty. During the first part of this time he appeared to bear up well, and in fact, to exhibit but little anxiety as to the result. Since his conviction however, he had begun to break down, and particularly since the writ of *habeas corpus* from the Supreme Court was denied, he began to decline very fast. His appearance latterly was emaciated in the extreme. He allowed his beard to grow, as the Sheriff ordered his razor to be kept from him, Mr. Andrew however, told him he might have a man to come and shave him, when he wished but after the barber had made one or two visits, he complained that he could not afford to pay two shillings, and refused to have him shave him any longer.

Green told several persons that he would much rather be hung than go through the form of another trial; the latter was much worse than hanging. A short time since he told a gentleman, that he would be acquitted, if tried again; that his son George would not swear so hard against him next time; and that he could bring forward such testimony against Mrs. Blane as would invalidate any evidence she might give against him.

The corpse presented the appearance of a man of very powerful frame. The chest is unusually large for the height, (about 5 feet 6 or 7,) the shoulders broad; the limbs very muscular. We observe that the teeth, which tho' worn, are sound, and are double, both in front and in the back part of the jaws.

Some time since, Green sent for his Attorney, P. Ballingall, Esq., and proposed to him that he would make a will in his favor, if he would take and adopt his boy, Albert. Mr. Ballingall answered that he would not, as one of his Counsel be a party to such a proceeding, if he were to pay him fifty thousand dollars. Green then got Mr. Ballingall to draw up a will which he (Green) afterwards re-wrote himself, altering it, making Mr. Doyle, the jailor, and Mr. Sammons, deputy Sheriff, residing on the west side, his executors. This will be deposited in the hands of Mr. Doyle. We understand it bequeaths the whole of his property, real and personal, after paying his debts, to the boy Albert, who is about six years of age, and to the heirs of his (Albert's) body.

Green then said to Mr. Ballingall, "I do not want to leave this in such a shape, that if Albert dies without issue it will revert to my other children. I want him to have it, and if he does not live to enjoy it, I want it left to some public institution. Mr. Ballingall, what institution in this city, would you suggest?" Mr. Ballingall said, "since that is your determination, I would suggest the Young Men's Association, and the Fireman's Benevolent Association." Green then desired Mr. Ballingall to make those Institutions his heirs in case of heirs failing to the boy Albert, which was done. We understand that it may be probable he has left some property to Mr. Doyle, the jailor, for his kindness and attention; also to Mr. Petrie, the turnkey. Both of these gentlemen, however, refused, when asked by Green, to take anything left by him, as they have enough of their own. They said to Green, that he had better leave his money to those who were more deserving of it.

We understand that Green leaves property, variously estimated at from $30,000 to $50,000.

We understand that it is the intention of the family and relatives of Green to contest the will on the ground of his insanity, they holding that none but an insane person would commit suicide. Green, since his incarceration had also exhibited some rather strange actions. For instance—he never had taken off the greater portion of his garments. He never took off his under-clothing, except to change his shirt occasionally; has slept in his pantaloons, &c, &c.

Coroner Beach summoned the following gentlemen to serve on the Jury of Inquest. They returned a verdict of death by his own hand:

Dr Maxwell, Foreman—T Doty, D O'Hara, Dr Max Myers, Ed Sawyer, Jas How, Daniel Andrews, Wm Church, Dr Hunt, F. Parmalee, C P Bradley, T A Stewart.

A daguerreotype of Green was taken showing the position in which he was found, after he committed the fatal deed, which will no doubt be a great curiosity.

Thus ends this, the most appalling tragedy ever enacted in this city. From first to last it has been a fearful record of crime—a record, the perusal of which would shock the most hardened heart. May we be spared from ever again having to give publicity to such a shocking history of the most dreadful crime that ever man could commit and its frightful retribution.

LATER—FUNERAL OF GREEN.—About 2 o'clock, Mr Fisher's hearse drove up to the Court House, and the corpse, which had been put in a handsome coffin, by order of the Coroner, was brought out and placed in the hearse. Two carriages only, accompanied the hearse. In the first, was Mr. Andrew M. Green, second son of the deceased, Albert Green, the youngest son; Mr. Revel, brother-in-law to the deceased Coroner Beach and Deputy Sheriff Bulkley. In the second carriage were Fisher the Undertaker and others. A large crowd of persons were collected, In fact, during the day, some thousand of persons visited the jail, endeavoring to obtain a sight of the body. Some climbed up and crowded the windows; other beseiged the door. Every available point of view was occupied, so eager was the public curiosity.—[Chicago Democrat Feb, 19.

The State Agricultural Society.

At a meeting of the Wisconsin State Agricultural Society held at the rooms, pursuant to notice, on the 14th of Feb., 1855, the Constitution of the society was so amended as to reduce the fee for a life membership from twenty five dollars to *ten dollars*, and for the annual membership from three dollars to one dollar. The society has also made provision for the immediate purchase and transportation to this place of a large quantity of spring wheat, of choice varieties hitherto unknown in this State. This wheat is grown north of Toronto, Canada, and is recommended in the highest terms by farmers who have tested its qualities, and will be delivered to members of the society in sufficient quantity for seed at the price here. There is also now at the rooms of the society for gratuitous distribution to members a superior variety of spring wheat raised in Jefferson Co., N. Y. Persons living at a distance and wishing to become members of the society can remit the amount of membership and secure a portion of the above grain which will be subject to their order by giving name and directions in full. Papers throughout the State friendly to the Agricultural, Mechanical and Manufacturing interests please notice.

A HOG TRAIN.—A train of twenty-four long cars came in over the Galena road last Saturday morning, filled with dressed hogs. There were about two thousand of them, and as most of the cars were open racks they formed a spectacle well worth beholding as they passed on down to the depot. They were mostly sold before arrival, for eastern shipment.—[Chicago Press, 13.

CITY MATTERS.

City Election Notice.

The Clerk of the Common Council, under the direction of that body, has issued the usual notice that the Annual Election for City Officers will take place on Tuesday, March 6th, (*two* weeks from to-day,) and that the polls will be held at the following places.

First Ward—at Best's Lager Beer Hall on Market street.

Second Ward—at the Mansion House.

Third Ward—Bryan Coughlin's, corner of Detroit and Jefferson streets.

Fourth Ward—Engine House of No. 5.

Fifth Ward—Lake House.

The following are the officers to be elected:

A Mayor, Comptroller, Treasurer, Police Justice, Marshal and Attorney, for the city, and one Alderman for 2 years, one Alderman for 1 year, one Assessor, one Constable, and one Railroad Commissioner for each of the Wards.

DEMOCRATIC CITY CONVENTION.—The Democratic City Committee have called a convention to nominate City Officers, "to be supported by all good and true democrats," at the approaching charter election.

The Convention is to be held on Thursday, March 1st, at 2 P. M., and the Primary Meeting to elect delegates on Tuesday next, from 4 to 7 P. M. Regular polls are to be opened for the purpose at which "only bona fide democrats living in the respective Wards," are to be allowed to vote. What constitutes a "bona fide democrat"—whether allegiance to "Pierce and Nebraska," or adherence to "Barstow and the Balance," or both—the Committee do not undertake to decide.

"SHUT TO-DAY"—Upon the last election held in this city, the words which head this article were of more potency than any police force that could have been organized. Another election is soon to take place and may we not suggest that on the day of the next City Charter election the same words SHUT TO DAY may again decorate the saloons and beer halls of our city. It was a matter of great credit to the proprietors of the saloons, &c., on the last election day, to have closed their establishments *voluntarily*, preventing drunkenness, riots and troubles, and the press of the city failed not to herald the fact, far and near, that of our forty thousand inhabitants, not one of them was intoxicated, and that no fighting, or rioting took place upon election day. What has been done, may again be done, and we hope that the next election day will pass off as quietly as the last, and nothing can be more conducive to that end, and nothing will tend to effect it more surely, than the little trinity of words suspended at the door handles of saloons, &c., SHUT TO DAY.

Police Court—Feb. 20.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

Ludwig Morock was tried on a charge of disorderly conduct, and breaking glass in the window of Christopher Reuter. The evidence was that the defendant went into complainant's store and became noisy, he was put out once or twice, the last time he turned round and broke a pane of glass with his fist. He was fined $5,00 and costs amounting to $9,68.

Milwaukee Female College.

We would call attention to the notice in another column of the election of Trustees for the *Milwaukee Female College*. As it is a matter of no little importance to procure and elect the proper men, every one interested should attend. The number to be elected is fifteen, afterwards to be divided into three classes, the first class serving one year, the second two years, and the third class three years, At every election hereafter five trustees will be elected for three years.— Certificates of stock will be issued this afternoon at W. P. Flanders' office where the election will be held.

THAT OVERSIGHT.—Our foreman requests us to say for the benefit of Mr. TOOTS, that, altho' "it's of no consequence," still, there is a wide difference in making up a form at midnight, with matter a little "mixed," as boys sometimes can do it, and doing the same work at mid-day, under all the "favorable" hints of the Editor as to the identical locality of every paragraph. The small matter in question, however, was duly noted by us in proof, which, in the hurry of the moment, did not meet the eye of the foreman.

We are only requested to ask, in return, who is "SAM HOUSTIN," whose name stands at the head of the *Wisconsin's* Telegraph column?

CIRCUIT COURT.—The Circuit adjourned from Monday afternoon till Thursday morning (to-morrow) at 10 o'clock.

DISCHARGED AND RE-ARRESTED.—In the case of the U. S. vs. John Hahn, the Post Office clerk arrested for robbery, Judge JENKINS yesterday discharged the prisoner, after a hearing on a writ of *Habeas Corpus*, under the recent decision of our State Court. The prisoner was immediately re-arrested, however, by Deputy Marshal COTTON, under a warrant from Judge MILLER, of the U. S. District Court. The first commitment was upon a warrant from a Court Commissioner.

MARINE RISKS.—The Corn Exchange, Fire and Inland Navigation Insurance Company of New York have established an Agency in this City.— The Company is a sound one and among its directors—for a list of whom see our advertising columns—will be found the names of active and prominent business men of New York. Mr. P. SMYTH, the Agent, is prepared to take Marine risks in this Company on favorable terms. His office is at the Depot of the M. & M. Rail Road.

MELODEONS.—H. D. Hall of the Irving Book Store, corner of E. Water and Michigan Streets has just received a few choice Melodeons of an entirely new make, and invites his friends to call and examine them.

☞ Messrs. HERSCHEDE & SCHENDT, confectioners, gave a Ball and Supper at Treats Hall, on Monday evening, which was well attended and highly enjoyed.

APPOINTMENT OF CONSUL.—We are happy to learn that our fellow-citizen, Mr. EDWARD FINKLER, of the firm of TOWNSEND, FINKLER & Co., has received the appointment of Consul for Nassau. Mr. F. is now on his way to Europe, on a business visit.

Relief Fund.

The contributions for the poor, after paying all expenses amounted to the sum of $1,425 25; $1,107 49 were cash, the balance in orders and subscriptions, payable in goods. This sum was divided among the several Wards as follows, viz: to the 1st Ward $285; to the 2nd Ward $380; to the 3d Ward $380, to the 4th Ward $190; to the 5th Ward $190 25.

H. W. GUNNISON, Sec'y.

Oregon Fire Company No. 3.

At the regular meeting of Oregon Fire Co. No. 4, held at their Hall on Wednesday even'g, Feb. 7th, the following resolution was passed;

Resolved, That the company regret the resignation of A. J. LANGWORTHY as foreman, and that of G. W. HAACK as 1st Ass't, and that the same be published in the daily papers of the city, to express the thanks of the company to Messrs. Langworthy and Haack for the efficient manner in which they have commanded and sustained the company for several years.

The company on the same evening elected H. MOORE foreman, and A. V. REDD 1st assistant.

PUNISHING "FREE SPEECH."—The Manitowoc *Herald* having spoken its opinion rather plainly of its democratic yoke-fellow, the *Wisconsin*, the latter has retaliated by cutting off the *Herald* from its exchange list! The *Herald* man dont mind that, but thinks the *Wisconsin* ought at least to send on those numbers of its papers in which it continues to abuse him.

STORM STAID.

Like myriad mercies from the hand of God,
Noiseless and trembling fall the flakes of snow;
Clothed in such purity is all below,
It seems as if the earth had ne'er been trod.

Like a dead vestal beauteous nature lies,
Her fire forgotten, and her music hid;
The grey oblivious air, a coffin lid,
Thro' which the light essays to pierce, and dies.

Stainless and cold as peerless charity,
The Virgin robe is wreathed in many folds
About her bosom, which, tho' wither'd, holds
The seeds of vernal immortality.

So have I seen a maiden of the Lord
Hide all her loveliness in their bloom,
Making her outward be nought but a tomb,
That she might nurse within the form adored.

But now an angry spirit from the North
Drives the still shower into a level drift,
That sweeps along, blinding and strong and swift,
As if some fierce chief led his legions forth.

The stiffen'd forest trees must bend their head,
The budd'ling quail some covert now must take;
The poor man and his slim-built shed must shake,
The sifting snow will fall upon his bed.

But for that thought; how splendid were the storm,
Rushing so wildly!—had it but the power
To span the huts where wives and children cower
O'er scanty fires that fail to keep them warm.

I should sing of thee, thou matchless snow!
But—as a lover whom his mistress charms,
Who locks him fast within her milk-white arms,
And binds his limbs—thou wilt not let me go!

PORTE CRAYON.

JUDICIAL ELECTION.—The Janesville *Free Press*, in an article on the Judicial election, takes strong ground in favor of Judge J. H. KNOWLTON, as a successor to Judge CRAWFORD. The Madison *Democrat* of Monday last has the following paragraph on this subject:

We learn that a call upon Judge Crawford, to become a candidate for re-election has been numerously signed in all parts of the State. The Judge will of course accede to the request, and we have little doubt of a favorable result. Among the republicans there are from a dozen to twenty applicants for the succession.—[Madison Democrat.

A NEW STEAL.—A new mode of reaching the Treasury has been adopted of late. Eastern houses send on samples of stationery, knives, &c., to the Superintendent of public property prior to his letting the contract for furnishing the State with stationery. For this purpose, they forward a *hundred and fifty dollars* worth of samples, and bring in their bills for the same against the State. Bills to the amount of $225 52 for this purpose passed the Assembly yesterday. We can see no propriety in this whatever. It is encouraging an abuse that may with such a precedent, grow into one of no small magnitude.—*Madison Journal.*

There cannot be two opinions on this subject. No such bills should be allowed, and we trust that the "sober second thought" of the Legislature will put a quietus upon all future claims of this character.

The amount insured in any city, town or village, depends on the character, material and construction of buildings, the width of streets, the supply of water, condition of the fire department, and other circumstances.

The amount insured in blocks of buildings varies; the design is to limit the loss by any one fire, to $20,000 or less.

The act of incorporation is the same as filed in July, 1854. THOS. A. ALEXANDER, Secretary.

STATE OF CONNECTICUT, Hartford County, } ss. Hartford, January, 1855.

Personally appeared THOMAS A. ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in the line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance office, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000, has been *bona fide* investment for the pledge and security of its policies.

The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $240,589 66, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of the valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by Gilbert Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greater durability than others. Numerous medals, diplomas and certificates have been received from various fairs and Industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the Illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:

NEW YORK, Dec 5, 1853.

Mr N J GUNTHER—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year and often at the Rooms at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the action.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON.

MR. HEWS—Having frequently played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

New York, Feb. 20.

Gen Sam Houston delivered his lecture on the American Indians, before the New England Young Men's Association and a great gathering of citizens, last evening. He was received with much enthusiasm, and at the close the voice of the crowd nominated him for next President, which was received with three cheers. After the lecture he was serenaded at the hotel.

FIGHTING THEIR LAST FIGHT.—There was quite a stir among the *curious* of our village on Monday last, by an extraordinary circumstance, and the evidence of the fact itself, by the exhibition of the deadly implements used in the singular conflict. It appears that a short time since Mr. Johnson McKinsey, of this town, had business calling him to the lumbering region at the head waters of the Kickapoo river, some eighty miles north of this place.

While there on the 28th of last month he was told by a young man named McMaster that a couple of deer, had been discovered near the house with their horns locked together from fighting, and were unable to disengage themselves. Mr. M., on learning this singular fact, proceeded with jack-knife in hand and after discovering them in this curious predicament followed them some four miles. He informed us he was very much surprised at the speed they travelled, it being impossible for him to keep sight of them only at short intervals, at last in rising a hill on which there was a strong growth of underbrush they of course got tangled, and by this means he succeeded in reaching them. Having no implement of destruction with him but his knife, and not caring about getting too near their heads, he proceeded to cut their *ham strings*, thereby disabling them to such an extent that he was soon able to cut their throats. He severed their heads from their bodies and brought them in as trophies of his victory. The heads and horns were brought to this village in the same position they were originally locked together, where they remained a number of days and attracted much curiosity. The horns are quite large and both appear to be about the same size and shape. It seems there was no possible way to get them apart only by using great strength by springing them in a certain position.—Grant Co. Herald.

COST OF PLATTING SCHOOL LANDS.—The Secretary of State, in answer to a resolution of inquiry states that the sum of eight cents is paid for platting each tract, lot, or fractional division of School Lands. Supposing all tracts to be *forties*, and there are none larger, this amounts to $1,27 per *section*, or $46,08 per *Township*! These plats are mere skeleton outlines, with not a quarter part of the labor upon them, that is put upon common U. S. *Township* plats, and which are furnished at cost of 50 cents each to applicants. The cost of platting the 500 000 acre grant, at these rates, is $4 000, and would probably occupy the time of a single clerk 3 months. It is thus the School Fund bleeds under its present managers.—[Madison Patriot.

A GOOD WATCHMAN.—On Monday forenoon a small dog named 'Watch,' belonging to a man in Hanover street, came into the Chief of Police's office, and walked gravely up to the clerk with the following note in his mouth:

"Mr. Chief of Police—Please grant me a new license, and oblige a former licensed dog.

WATCH."

"P. S.—I do my own errands."

The clerk, Dr. H. G. Barrows, made out a new license, which Mr. Watch received with a bark of delight, and then, with a wag of his tail as an adieu, trotted off, holding the paper firmly in his mouth.—[Boston Mail

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan 14th.*

A STRANGE THING.

Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, Dr. A. L. Adams' Liver Balsam is fixing the gaze of thousands upon its cure, unvarying and surprising effects in the removal of disease. It promises and fulfils. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained, generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North to the South, and from the East to the West. It is true! It is true!

A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. Gottschalk, to Mr Hews, Agent at New York:
New York, Dec 5, 1853.
Mr N J CURTISS:—
Dear Sir. Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to be perfection of the scales.
Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, William Mason
Mr. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.
WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

FIGHTING THEIR LAST FIGHT.—There was quite a stir among the *curious* of our village on Monday last, by an extraordinary circumstance, and the evidence of the fact itself, by the exhibition of the deadly implements used in the singular conflict. It appears that a short time since Mr. Johnson McKinsey, of this town, had business calling him to the lumbering region at the head waters of the Kickapoo river, some eighty miles north of this place.

While there on the 28th of last month he was told by a young man named McMaster that a couple of deer, had been discovered near the house with their horns locked together from fighting, and were unable to disengage themselves. Mr. M., on learning this singular fact, proceeded with jack-knife in hand and after discovering them in this curious predicament followed them some four miles. He informed us he was very much surprised at the speed they travelled, it being impossible for him to keep sight of them only at short intervals, at last in rising a hill on which there was a strong growth of underbrush they of course got tangled, and by this means he succeeded in reaching them. Having no implement of destruction with him but his knife, and not caring about getting too near their heads, he proceeded to cut their *ham strings,* thereby disabling them to such an extent that he was soon able to cut their throats. He severed their heads from their bodies and brought them in as trophies of his victory. The heads and horns were brought to this village in the same position they were originally locked together, where they remained a number of days and attracted much curiosity. The horns are quite large and both appear to be about the same size and shape. It seems there was no possible way to get them apart only by using great strength by springing them in a certain position.—Grant Co. Herald.

COST OF PLATTING SCHOOL LANDS.—The Secretary of State, in answer to a resolution of inquiry states that the sum of eight cents is paid for platting each tract, lot, or fractional division of School Lands. Supposing all tracts to be *forties,* and there are none larger, this amounts to $1,27 per *section,* or $46,08 per *Township!* These plats are mere skeleton outlines, with not a quarter part of the labor upon them, that is put upon common U. S. *Township* plats, and which are furnished at cost of 50 cents each to applicants. The cost of platting the 500 000 acre grant, at these rates, is $4 000, and would probably occupy the time of a single clerk 3 months. It is thus the School Fund bleeds under its present managers.—[Madison Patriot.

A GOOD WATCHMAN.—On Monday forenoon a small dog named 'Watch,' belonging to a man in Hanover street, came into the Chief of Police's office, and walked gravely up to the clerk with the following note in his mouth:

"Mr. Chief of Police—Please grant me a new license, and oblige a former licensed dog.
WATCH."
"P. S.—I do my own errands."

The clerk, Dr. H. G. Barrows, made out a new license, which Mr. Watch received with a bark of delight, and then, with a wag of his tail as an adieu, trotted off, holding the paper firmly in his mouth.—[Boston Mail

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan 14th.*

A STRANGE THING.
Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, DR A. L. ADAMS' LIVER BALSAM is taking the gaze of thousands upon its merits, astonishing and surprising effects in the removal of disease. It promises and fulfills. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained, generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North to the South, and from the East to the West. It is true! It is true!

CITY LAND OFFICE.
I HAVE SEVERAL HOUSES IN THE FIRST Ward for sale on good terms, and I would advise those who wish to purchase a home to do so before Spring opens, for property must and will rise 25 per cent higher. The demand for houses will be ahead of anything we have ever had, owing to the immense emigration from our own Eastern people. I receive letters every day, inquiring relative to property. I state these facts that any who have not yet obtained themselves a home, better do so at once, as if they will not take my advice, they must abide the consequences.
I have also a large number of choice Lots in the First Ward, which will be sold at fair prices and on easy terms. My Office, at present, is on Wisconsin st.

OPPOSITION TO MONOPOLY.

Music at Greatly Reduced Rates

NOTWITHSTANDING the combination of music dealers to keep up the prices of non copy-right music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales, having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superior toned 6½ octave Pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $[illegible]. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters Pianos, and the first premium Æolian Pianos of T Gilbert & Co's make (owner of the Æolian patent). Second hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's melodeons (tuned the equal temperament) the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons $200. MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST FOR [illegible] table it stands unrivaled [illegible] the known world for a small quantity folded and placed in the pocket constitutes a traveling Inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is *indispensable.* It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album, with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex, and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain five Hundred distinct impressions.

It is put up in beautifully enamelled colored envelopes, with a truthful likeness of the proprietor attached. Each and every package warranted.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment,

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown, thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts Scalds and Burns, but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York [illegible] in the stables of the various Express Companies and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

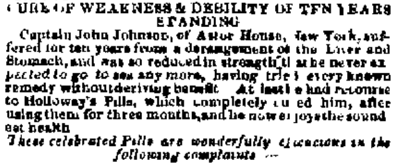
THE AMERICAN'S FRIEND!



HOLLOWAY'S PILLS.

To the Citizens of the United States—

I most humbly and sincerely thank you for the immense *patronage* which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York THOMAS HOLLOWAY,

THE BLOOD LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most beautiful in the World at a certain period lose their teeth or [illegible] looks while yet in the hey day of life. These evils may be effectually remedied by occasionally keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the *blood*, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health

These celebrated Pills are wonderfully efficacious in the following complaints—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery		
Bilious Complaints	Erysipelas	Lumbago	Tic Douloureux
	Female Irregularities	Piles	Tumours
Blotches on the Skin		Rheumatism	Ulcers

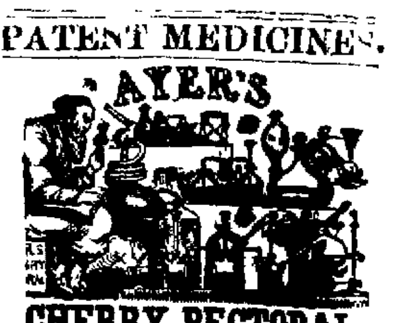
PATENT MEDICINES.



AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements

Office of Transportation, Laurens R R, S C, Aug 1, '53.

DR J C AYER. Dear Sir. My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world

I am yours, with great respect
J D POWELL, Supt Trans, L R R

Rocky Hill, Somerset Co, N J, July 21 1852

DR J C AYER.—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the least they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me

Yours, with respect, JOHN C WHITLOCK

P S. Almost any number of certificates can be sent you if you wish it

Windsor C W, June 2 1855

DR J C AYER—Sir. This may certify that I have used your CHERRY PECTORAL for upwards of one year and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy

Yours very respectfully,
D A McCLURE, Attorney at Law

Wilkesbarre, Pa, Sept 3 1850

DR J C AYER—My dear sir—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N Y, Dec 20th, 1852

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

New York, Dec 27th, 1852

I came to New York in the ship Telegraph; my native place is St John, New Brunswick, when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it JOHN WOOD

Sold by BOYD & PAUL, No 40 Cortlandt street, C H RING, corner of John street and Broadway, N Y. Price $3 a package

N B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. febx 1yd&w

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh* and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that *several years of study and successful experiments* in England and Scotland, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons

"Take up thy bed and walk."

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patrons his "*Patent Inhaling Tubes*," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma*, and all other *affections of the Throat, Lungs* and Air Passages. In case of failure, the *money will be returned*

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immersed in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c

Dr A L Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at these prices one bottle of Dr A L Adams' Liver Balsam

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendancy over the disease to which we are all subject.

G E Scott, General Agent, No. 67 Randolph st, Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by

OPPOSITION TO MONOPOLY.

Music at Greatly Reduced Rates

NOTWITHSTANDING the combination of music dealers to keep up the prices of non copy right music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superior toned 6½ octave Pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters Pianos, and the first premium Æolian Pianos of T Gilbert & Co's make (owner of the Æolian patent). Second hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S D & H W Smith's melodeons (tuned the equal temperament), the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c. 12½ per cent discount to clergymen and churches. All orders promptly attended to. Music sent to all parts of the country post paid at the reduced rates. USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand, which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album, with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex, and, indeed, a more tasteful present for a lady could not be produced

This Magic Paper will also mark linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With it is Magic Paper, likewise one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct impressions

It is put up in beautifully enamelled colored envelopes, with a truthful likeness of the proprietor attached. Each and every package warranted

Price—$2 a dozen, or Five for One Dollar. Single Packages, 25 Cents. Address, post paid,

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in *families and factories*,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment,

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown, thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflams, &c., it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. For sores afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York, all are found in the stables of the various Express Companies and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificates to that effect

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the large bottles are the cheapest

HOLLOWAY'S PILLS.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most beautiful in the World at a certain period lose their teeth early and looks while yet in the hey day of life. These evils may be effectually remedied by carefully keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the sound est health

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Doloureux
Billious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from whatever cause, &c
Consumption	Head ache	Stone and Gravel	
Debility	Indigestion

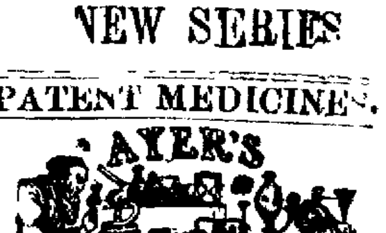
PATENT MEDICINES.



CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agent below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R R, S C, Aug 1, '53.

DR. J. C. AYER—Dear Sir—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850 for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world

I am yours, with great respect
J. D. POWELL, Supt. Trans., L R R

Rocky Hill, Somerset Co., N J, July 21, 1852

DR. J. C. AYER—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK

P S Almost any number of certificates can be sent you if you wish it

Windsor, C W, June 2, 1855

DR. J. C. AYER—Sir—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it *is a priceless remedy*

Yours very respectfully,
D. A. McCLURE, Attorney at Law

Wilkesbarre, Pa, Sept 2, 1850

DR. J. C. AYER—My dear Sir—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by DR. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. DR. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—it is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N Y, Dec 20th, 1852

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1852

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick, when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD
